Helpful tips to prepare your child for oral surgery

8 HOURS

Remember, nothing to eat or drink eight hours prior to sedation.

Avoid wearing flip flops, jewelry (including facial and tongue piercings) & nail polish.

Wear loose, comfortable clothing and secure long hair back with a binder.

Leave the cell phone at home.

Video recording is prohibited within The Oral Surgery Center.

Remain in our office during your child's procedure.

Feel free to ask questions.

It's ok to be nervous.

Our team understands this, and they will provide exceptional and compassionate care.
